Step 12: Account added

- Your Augusta Tech account is added in Okta Verify. Return to the browser to finish.

No text message received

- Confirm the correct country code; remove spaces/dashes; ensure your carrier allows short-code SMS; resend the link.

Link opens only in a browser

- Install the Okta Verify app, then tap the SMS link again and open it in Okta Verify.

Link expired

- Return to the setup screen and request a new SMS.
