

# Augusta Technical College Laptop Loan Program

## Laptop Loan Program Information:

Through generous support of the Augusta Technical College Foundation and other community resources, the Laptop Loan Program provides a limited number of loaner laptops to qualified students who complete the application process on a first-come, first-served basis. Students must meet requirements to be considered, such as being registered for classes, and being in good academic and financial standing. Loaner laptops are provided for one semester, and must be returned at the end of the semester.
