Repeat Coursework

The Financial Aid Office has implemented a new federal mandate regarding Repeated Coursework. In accordance with the new July 1, 2011 regulation outlined in Section 668.2, 34 CFR, the definition of a "Full-Time" enrollment has been changed. Institutions are now required to track all repeated courses taken by students receiving Title IV aid. Repeated courses now count toward a student's enrollment status thus possibly changing eligibility for federal aid based on enrollment criteria.

An institution can pay a student for only one retake of any previously passed course or its equivalency.

Example 1:

Spring 2018	English 1101	Fail	Eligible
Summer 2018	English 1101	Pass	Eligible
Fall 2018	English 1101	Pass	Eligible (1st repeat*)
Spring 2019	English 1101		Not Eligible (2nd repeat*)

*Of a previously passed course

Example 2:

Spring 2018	Math 1111	Fail	Eligible
Summer 2018	Math 1111	Fail	Eligible
Fall 2018	Math 1111	Fail	Eligible
Spring 2019	Math 1111		Eligible

As a result of any repeated coursework, a student may be enrolled full-time based on institutional policy but can be ¾ time or less based on this new regulation regarding repeated coursework.
