

Library Scavenger Hunt

Directions: The purpose of this scavenger hunt is to familiarize you with the places, resources and services found at the Jack B. Patrick Information Technology Center, BLDG 1000 Augusta Campus. To complete these tasks, you will have to go to the library as well as use the computer. Library Staff will instruct you in finding the answers. Do *your* best!

In the ITC/library, you can find the answers to the questions below...

1. Where is the library catalog located in the library?
2. Find a DVD on the shelf in the library. What is the title and call number of this DVD?
3. Using the library catalog, find a fiction book you would like to read. Write down the title, author and call number.
4. Where are the “library reserves” located in the library?
5. How much does it cost to make a photocopy in the library? To print? To print in color?
 - a.
 - b.
 - c.
6. How many study rooms are in the library? Do the study rooms have Wi-Fi?
 - a.
 - b.
7. What kind of identification do you need to check out library materials?

Using a research computer in the library, answer the following questions:

1. Where can you find the GALILEO password?
2. List two GALILEO databases where you can find full text articles on almost all topics. They have a button on the library website’s front page.
 - a.
 - b.
3. From the library website’s front page, click the **Films on Demand** button. Search for a video on *common job interview mistakes*. List the subtitle that is after the colon.
4. From the library website’s front page, click the **Ebook Central** button. Do a keyword search of your own last name. Write down the title and author of one book that is written by or about someone with your same last name.
5. Click on Flipster and provide a magazine title?
